**2. The existing Selection Policy (Rifle/Pistol) is amended as under:**

**Rifle/Pistol – Senior**

- a. The scores for calculating the ranking should not be older than 150 days.
- b. Latest four scores, which are not older than 150 days will be taken for calculating the average.
- c. The Average of the total of the highest three scores out of the preceding four scores.

**Total of the Preceding Four Scores – (minus) 1 Lowest Score / 3 = Base Average Score**

- d. In case a shooter has only three scores, then average of three scores will be calculated for ranking purpose – without any deletion of any score.
- e. Shooters having less than three scores within the period of 150 days shall not be considered for ranking.
- f. It was decided that only one main 'LOG' be maintained for all scores achieved in "Recognized Competitions" which will include scores of senior and junior/youth shooters. Scores achieved in exclusive trials for Junior/Youth will be logged in the main Log and will then be jotted in the Junior and Youth Log. However, "Recognized Competitions" conducted exclusively for the junior / youth category or IRC exclusively for the juniors /youth or any other restricted category would not entitle these shooters to benefit from Chart 1 A with respect to the Main Log.
- g. Clause 3b of Selection Policies of Rifle and Pistol 2017 is deleted.
- h. Selection of National Squad for seniors and juniors would be done on the basis of ranking after conduct of Selection Trials 1 & 2 in January 2018.
- i. The selection of Mixed Team will be done on the basis of the decision dated 10<sup>th</sup> February 2017 ratified by the Governing Body of NRAI on 9<sup>th</sup> June 2017.
- j. It was decided that in the case of any changes in formats of events by the ISSF, the Technical Committee would take a decision on the ranking after taking into account the changes.
