Mr. Hazem Hosny Ahmed

President, African Shooting Sport Federation

H. E. Sheikh Ali Al Khalifa

President, Asian Shooting Confederation

Mr. Ewen Pirie

President, Oceania Shooting Federation

Munich, July 9, 2019

Dear Colleagues,

I would like to inform you that the ISSF Administrative Council has approved the relevant amendments in the Technical Rules that determine new formats of competitions in three Olympic Mixed Team events – 10m Air Rifle MT, 10m Air Pistol MT, Trap MT.

I am sending you copies of the newly approved formats and strongly recommend to use those in all forthcoming ISSF supervised competitions of 2019 and 2020 to avoid any confusion among the athletes who are preparing for Tokyo 2020 Olympic Games.

I am also sending to you a format for Skeet MT events that, same as the new format for Trap MT, was successfully used at the recent European Games in Minsk and at the ISSF World Championship Shotgun in Lonato del Garda.

SIUS, as the Official ISSF Result Provider, was informed about the new formats in advance and is ready to fulfill the necessary actions.

Do not hesitate to contact me if any further clarification is needed.

Best Regards

Alexander Ratner
