

The Asian Shooting Confederation in collaboration with Kuwait Shooting Federation has launched a new three-part video tutorial series on Olympic Pistol Shooting. The series covers the following key topics:

- **Video 1 - The Wrist of the Hand with Pistol, Gripping and Pistol Grips.**
- **Video 2 - Triggering Technique in Olympic Pistol Shooting.**
- **Video 3 - Training log for Improving Skills in Olympic Pistol Shooting.**

These video tutorials provide young athletes valuable guidance to improve pistol shooting techniques. Each video explains important basics in an easy-to-understand way, giving young shooters the right foundation to build their skills step by step.

Pistol shooters are encouraged to watch and benefit from these videos.

Videos are now available on the ASC website and official YouTube channel, as under.
