

Shooter ID Registration

Points to be adhered for the smooth functioning of Shooters ID Registration System:

FOR AFFILIATED UNITS

1. All NOCs must be issued/accepted during the period of January -April 2020 as per Rule 6.6 of NRAI Match Book.
2. At the time of sending endorsement to NRAI for a new registration, please ensure that the shooter does not belong to any Paramilitary Forces/Services, as personnel of Paramilitary Forces/Services are not eligible to be enrolled with a State Unit till the time these personnel are working with their respective Organizations.

For DG NCC

Please ensure that a shooter, who is enrolled as a member of NCC shooting, must obtain NOC from his/her State, if he/she is already registered with any State Rifle Association. Cases of such cadets should be endorsed to NRAI only after obtaining NOC from the State Unit. No Duel Registration is permitted.

FOR SHOOTERS

Shooters who wish to change their State must apply/obtain NOC from the existing Unit during the period of January-April 2020. The personnel of Paramilitary Forces/Services must cancel their registration with the State Unit and apply for fresh registration with their organization. Information in this regard must be sent to NRAI.
